

MOBILE SUITES | ELITE SUITES

Your suite awaits you...

41 RS84 • Mocha Cherry with Kashmir Décor and Oyster Furniture

Shown with optional Louisiana carpet cut and deluxe hardwood valances.

MOBILE SUITES

The season of DRV...

Seasons come and seasons go, but there's one that's here year 'round... the season of DRV. DRV Mobile Suites let you take all the comforts of home with you wherever the road takes you. No matter when you hit the road, whether it's Spring, Summer, Fall or Winter, hit the road with DRV Luxury Suites.

Begin your journey with the one that started it all... the DRV Mobile Suites.

The Mobile Suites is the foundation that DRV is built upon. It offers all the comforts of home, all the conveniences of a residential kitchen and the peace of mind that comes from knowing you've chosen the *best construction* available on the market today.

41 RSSB4 • Mocha Cherry with Kashmir Decor and Oyster Furniture

You expect the ultimate in form, function, and design. By listening to our customers support and feedback we have taken our Mobile Suites to a new level. Our straight roof line has allowed us to dramatically increase our slide room heights, which provides all of our floor plans with an enormous amount of cabinetry and storage. Each floor plan also features our Gourmet Kitchen that includes a 20 cubic foot residential refrigerator, stainless steel dishwasher, convection microwave, soft close drawer guides, and hand laid luxury vinyl plank flooring.

Upgraded brand name electronics include a standard 55" Samsung Smart TV, Sony Blu-ray DVD player, and Sony receiver with full surround sound.

The 41 RSSB4 model shown offers opposing living room slides with a built-in desk. All models come with a built-in fireplace as part of our Traveler's Package.

We are also excited to be offering a new luxury brand of residential furniture that is available in four different colors to ensure you can get the interior décor specific to your taste.

It's in
the details.

You will find king beds standard in most floor plans. The bedrooms also feature full underbed storage, which is perfect for our full-timers as they travel into different weather seasons. All master retreats provide Corian topped nightstands, over the bed cabinetry, and independently controlled reading lights on each side of the bed.

41 RSSB4 • Mocia Cherry

With DRV...
you can have
more.

The vanity slide has become a popular choice and significantly widens the walking area in front of the bed. Some models offer this as standard, so please notice this as you select the model that is right for you.

Our walk-in closet with real cedar lining is enclosed with custom hardwood cherry sliding doors that push back for full access to the wardrobe.

DRV offers several master bathroom arrangements and easy assemble washer/dryer hookups. All bathroom vanities include a hardwood cherry medicine cabinet with indirect lighting mounted above, plentiful countertop space, and a residential size porcelain commode.

40 KSSB4 • Honey Cherry with Milan Decor and Shale Furniture

Brand new to the DRV lineup is our 40 KSSB4. This floor plan was designed from customer feedback. This model features a kitchen slide sink with a full uninterrupted island. There are 12 full extension drawers of different sizes located throughout the kitchen and a tremendous amount of countertop space is available. This is the perfect full-timer's kitchen.

A grand staircase, with hardwood steps, gives our 40 KSSB4 an extremely open feel and makes it very easy to access the bathroom for those quick stops along the road.

A home that
just feels

like
you.

38 RSSA • Honey Cherry with Camden Décor and Cocoa Furniture

Take a closer look at the cosmetic upgrades our 2016 model's boast. New hardwood cherry cabinetry design, as well as, stylish new drawer fronts. An upgraded fascia trim surrounds all the slide outs giving more dimension and character to every model. A conscious effort was made to provide more fine details in every corner of the Mobile Suite. We have also added a new custom tile design backsplash, solid surface countertops with lighted edges, and more LED under cabinet lights to eliminate any shadows throughout the coach.

Clean lines... modern feel.

The newly designed three tiered dinette hutch was upgraded to solid surface tops to prevent damage to the wood. Our pull-out dinette table features a hidden leaf so seating four becomes easy when fully extended. Great amounts of storage throughout all of our models is important.

With our 3 1/4" thick sidewalls and R16 wool insulation, the convenience of the electric fireplace will easily take the chill off on those cooler days. Rest assured, your Mobile Suite is built for all seasons wherever your travels take you.

38 RSSA • Mocha Cherry

Shown with optional TV lift.

ELITE SUITES

The
elegance
you've come to
expect.

Stand tall in the Elite Suites – our moving masterpiece. Absolutely no detail has been overlooked, from professionally stained hardwood cabinetry with high polished quartz countertops to hand-laid custom flooring. This residential combination separates the Elite Suites to a class by itself.

We have paid just as much attention to the quality of the exterior of the Elite Suites as we have the interior, by creating an *industry-first* full fiberglass exterior. This top of the line exterior package is standard on the Elite Suites and includes the one-piece molded fiberglass roof, and custom-molded fiberglass fender skirts. Coordinating window silks are also standard to complete a look that will really turn heads.

40 KSSB4 • Mocha Cherry with Camden Back and Cane Furniture

Each Elite Suites Gourmet Kitchen is built around a standard stainless steel residential appliance package like the Mobile Suites, but we have upgraded the package to include a state of the art induction cooktop. Elegant hand-laid porcelain backsplashes, quartz countertops, and a custom over-the-island light feature complete the Elite Suites Gourmet Kitchen package.

The Elite Suites made its debut in 2006, in response to our customers' desire for even more space and features from the DRV line. Over these last nine years we have continuously improved and upgraded our Elite Suites to make sure it's truly the top of the line!

We offer our Elite customers the choice between multiple luxury quartz countertops, flooring, and full body paint schemes to allow them the opportunity to build their Elite Suites just the way they want it.

Luxurious
touches

at every turn.

Every Elite Suite comes standard with a top of the line Sleep Number® bed by Select Comfort. King beds are standard on most floor plans and have great under-bed storage. The optional vanity slide creates additional space in the master retreat. The walk-in wardrobe is nicely concealed by our custom hardwood wardrobe doors.

Contemporary looks... DRV quality.

Every DRV master retreat offers 6' 7" high, padded soft touch ceilings and dimmable LED lighting. The padded soft touch absorbs the vibration of the fully ducted bedroom A/C allowing for a restful nights sleep even in summer heat.

More and more of our floor plans are offering a 48" full fiberglass shower with extended vanities to increase our countertop space.

All Elites also come standard with an elongated macerator toilet with electric push button control.

Features and

Benefits...

From the ground up,

all units are built

with automotive style

components. Our

innovative designs make it

easier to transport, set up

and maintain your unit.

Structure:

- ✓ **Professionally designed and tested 15" triple steel box tube chassis.**
Super strong foundation to build a lasting, high quality fifth wheel.
- ✓ **All-weather heavy duty aluminum floor system.**
The floor is screwed and bolted together and will not rot over time. Also, we do not use staples which eventually work up through the floor covering.
- ✓ **R-29 insulated frame floor system with three weather barriers.**
Warm floors for extended or full time use; and keeps out condensation.

Technology:

- ✓ **New state of the art Level-Up™ leveling system and industrial hydraulic system.**
Level your coach with a push of a button.
- ✓ **New automotive style Kodiak® disc brakes.**
Limited lifetime warranty; smoother stopping; shorter stopping distance; low maintenance cost.
- ✓ **Heavy duty 8,000 axles with hubs.**
Larger carrying capacity; less axle problems; low maintenance; best ride quality available.
- ✓ **Heavy duty Goodyear® H-rated 17.5" tires and aluminum eight bolt wheels.**
Heavier load capacity. Special tread pattern to dissipate heat. Tires are removable for miles and miles of safe use. Wheels are light weight and will not rust.
- ✓ **Greasable suspension with bronze bushings.**
Ease of maintenance and long-wearing.
- ✓ **Sealevel tank monitoring system.**
Uses sonar to provide instant and accurate readings of all tanks.

Sturdy:

- ✓ **Screwed and glued construction.**
Solid; 16" o.c. stud spacing.
- ✓ **3.25" aluminum framed walls with R-16 insulated rating. Exclusive foam core vapor barrier.**
Lightweight; lower heating and cooling cost; noise reduction; eliminates chance of condensation.
- ✓ **Radiused aluminum roof rafters on 16" centers.**
More space; more insulation; improved water run off; maximum load capacity per square foot.
- ✓ **R-25 insulated roof system with plywood and rubber or fiberglass covering.**
Improved weather barrier; sound deadening; low maintenance; lower heating and cooling costs.
- ✓ **Soft touch interior ceiling.**
Sound proofing; easy to clean; extra insulation.

Refined:

- ✓ **Conveniently located wall switches control all lighting.**
Fingertip control of all task and decorative lighting.
 - ✓ **Overhead LED room lighting on dimmer switches.**
Personal light control.
 - ✓ **Designer full face cabinet doors and soft close drawers.**
Optimal storage; residential look; residential function.
- ### Reliability:
- High pressure hydraulic lines with metal fittings.
 - Individual push button slide room controls.
 - Industrial stabilizer jacks located and wind tested to provide maximum stability.
 - Heavy gauge UL copper wiring.
 - Residential copper water manifold.
 - Convenient lights at all exterior service locations.
 - Reliable LED lights.
 - Gel coat fiberglass walls and exterior doors.
 - 36 month limited warranty.
 - 1/2" plywood roof decking.
 - Extra sound proofing in floor, walls and roof.
 - Engineered back up lights.
 - Ultra quiet ducted lo-pro A/C's
 - Automotive disc brakes.
 - Pull out battery and LPg bottle trays.
 - Over size basement storage doors with gas lift cylinders.
 - Furnace return air replaceable filter.
 - Automotive painted exterior graphics.
 - Tough skin special coated rock guard.

NOTE: *Some features shown are exclusive to specific makes and models. Please review the complete Standards and Options list for availability.

101" Wide Body.....

Extra Cross Members
Through *Entire* Frame

Triple Tube
15" Frame

Expanded
Storage Space.....

Eliminates Flex

Stacked triple-tube steel frame for 15" of maximum strength, the largest foundation on any fifth wheel in the industry.

Industrial, pinless hydraulic jacks are mounted at a 5-degree angle for maximum stability.

Commercial hydraulic rack & pinion slide-outs. All gear boxes are located inside the frame for the ultimate weather protection.

Heavy-duty 17.5" Goodyear® tires provide increased load capacity while staying cool on long hauls. We use truck tires, not RV tires, to ensure better performance and peace of mind.

Commercial E-Z Lube® hubs surrounded by 8 large 5/8" stud bolts and standard automotive disc brakes round out the safety features of every DRV unit.

Box Steel Solid

The foundation is the most important part of your home. It needs to be strong, reliable, and able to last the tests of time. DRV's custom-engineered 15" triple box tube frame measures 101" wide – the largest, most rigid fifth wheel frame in the industry. This design eliminates flex around the pin box, and allows us to frame even the upper deck with steel to open up the storage compartment, providing you with space to fit all your personal belongings.

The Exclusive DRV 6-Jack Levelup System

Designed by DRV for DRV. No one else can offer you the maximum stability that our 6-jack levelup system provides, quick and easy leveling, and the strength to stabilize the coach when set up.

Residentially-hung sidewalls are carriage-bolted into the floor for solid construction and superior strength.

Our 3 1/4" walls are the thickest in the industry, giving you maximum insulation from noise and weather. The exclusive foam core vapor barrier eliminates condensation.

Formaldehyde Free!

High-density wool R-16 residential insulation completely surrounds all of our walls and slides. Best insulation in the industry *and eco-friendly!*

A copper water manifold comes standard, ensuring equal water pressure throughout your home. And each water line is clearly labeled and has its own shut-off valve, allowing you to isolate a single line without shutting off water to the rest of your home.

MOR/ryde® I.S. Suspension eliminates the axle and leaf springs, allowing each tire to work independently. With 5 1/2" of travel per assembly, MOR/ryde® I.S. will absorb road shock and protect your home for its lifetime.
